WhatsApp: https://wa.me/message/QM55R2X7FUO2E1

Spond acceptance:
By ticking the consent box in Spond, or by signing this document where a signature is required, I confirm that I have read, understood, and accept this Participation Waiver and Assumption of Risk. If I am accepting on behalf of a child, I confirm that I am the parent or legal guardian and have authority to give this consent.

1. Acknowledgement of risk

I understand that ice hockey, skating and related training activities involve inherent risks. These risks may include falls, collisions, contact with other players, contact with boards or equipment, cuts, bruises, sprains, fractures, concussion, serious injury, illness, or in very rare cases death.

I understand that ice hockey is a fast, physical and demanding sport. Even when coaches and players act carefully, accidents can happen.

I also understand that pucks, sticks, players and equipment can move quickly and unpredictably, and that spectators or non-participants may be at risk if they do not remain behind the glass doors, barriers, or in the designated spectator area.

2. Permission to participate

I give permission for the player to take part in JV Ice Hockey Academy sessions and related academy activities. I confirm that the player is fit and able to participate, or that I have sought suitable medical advice where needed.

3. Safety instructions and equipment

- The player must follow coach, staff, rink and safety instructions at all times.
- The player must wear the required minimum equipment before going on the ice.
- The player must behave safely and respectfully towards coaches, staff, other players, officials, parents and rink users.

Parents, guardians and spectators must remain behind the glass doors, barriers, or in the designated spectator area during hockey sessions unless a coach, academy administrator or rink staff member gives permission to enter another area.

- JV Ice Hockey Academy may refuse participation if equipment, behaviour or safety standards are not met.

4. Medical and emergency care

I give permission for JV Ice Hockey Academy coaches, administrators or staff to provide basic first aid or seek emergency assistance where reasonably necessary. In an emergency, I authorise JV Ice Hockey Academy to contact emergency services and to provide relevant emergency contact and medical information to those services.

I understand that if the player has a medical condition, allergy, injury, disability, medication requirement or additional need, it must be declared through the medical declaration process before participation.

5. Limitation of liability

To the fullest extent permitted by law, I agree that JV Ice Hockey Academy LTD, its coaches, administrators, staff and representatives will not be responsible for injury, loss or damage arising from participation in academy activities, except where liability cannot legally be excluded, including liability for death or personal injury caused by negligence.

Nothing in this document excludes or limits liability where it would be unlawful to do so.

To the fullest extent permitted by law, I understand that JV Ice Hockey Academy LTD is not responsible for injury, loss or damage to personal property caused by pucks, sticks, players, player equipment, academy equipment, or rink activity where a parent, guardian, spectator or non-participant has not followed academy, coach, rink or safety instructions, or has entered an area that is not designated for spectators.

6. Ongoing consent

This waiver applies to academy sessions, individual sessions, term bookings, development sessions, skating sessions, hockey training and related activities unless withdrawn in writing. If consent is withdrawn, the player may not be able to participate.
